

*Introducing a Jacobean floral collection by Red Rooster Fabrics' Studio...*

# Mandalay

The Mandalay collection evokes images of exotic lands and fragrant spices. The finely detailed Jacobean florals coordinate beautifully with the scallop and the geometric prints, and the wonderful textures. A quilt in these rich chocolate browns, pepper reds, olive greens, spice golds, and creamy beiges will bring warmth and style to any room. Use the large floral in borders that are at least six inches wide to show off its beautiful stitchery details. The companion prints will look great in traditional pieced patterns like Trip Around the World, Log Cabin, Flying Geese, and stars of all types. Try Mandalay in home dec projects like stylish cushions and pillows for natural or stained wicker furniture. Or, try a handsome looking tote, vest, or jacket for fall. A pieced quilt pattern designed by Jean Ann Wright will be available with this collection.
