

Introducing two vibrant textures by Red Rooster Fabrics...

Deep Sea

The Deep Sea Collection features two great textures: dots in six bright colorways, and orbs in eleven colorways. These are dynamic additions to your inventory of textures and are wonderful as blenders. Try them in contemporary designs and in curved piecing patterns. They will also add lots of energy to bright and cheerful quilts for kids. Tie up some fat quarters and display the entire collection with decorative threads and wonderful fibers. These textures are “must-haves” as stash builders for your customers. The Deep Sea textures will be introduced at International Quilt Market in Minneapolis, MN in May, 2006.
