

Introducing a bright new collection by Red Rooster Fabrics' Studio...

Legacy

The Legacy collection features a large leaf print in a contemporary palette of teals, lime greens and splashes of red on a finely detailed black ground. There are leaves in three sizes, a splashy stripe, a cloud texture, a water texture which is a wonderful blender, tiny flower petals, and spirals, all in today's marvelous color combinations. The spirals and water prints are definitely must-haves for any quilter's stash! These prints are great for simple blocks like rail fences and four patches, as well as big shirts, retro aprons, placemats, and other quick home dec projects. A sashed, rail fence quilt pattern designed by Laura Blanchard for Red Rooster Fabrics, and easy enough for a beginner to tackle, will be available for this collection.
