

Introducing a beautiful floral collection by Red Rooster Fabrics' Studio...

Margherita

Margherita is such a soft and pretty collection; your customers will be drawn to it instantly! The large-scale, realistic flowers are on a pretty shaded ground and the companion flower toss is on a very subtle, dotted ground. Add the stripe, dots, plaid, paisley, little leaves, and wavy texture, and you have the perfect floral collection in pink, peach, and blue. Pieced quilts, bedroom and sunroom décor, wearables, and table runners are all possibilities with this collection. Try it in a traditional variable star or basket quilt, or appliqué some pretty teacups on a table runner. Make placemats and paisley or plaid napkins. The large-scale floral would make a wonderful duvet cover and the stripe is perfect for a dust ruffle. Then, stitch up some pillow shams from the flower toss and the little dots, and finish them with a plaid ruffle!
